RACE COIL CATALOGUE

Looking for an Australian Made Race Coil designed and manufactured to European Standards?

Wanting a recognized quality brand with 70 years of experience in Motorsport spring development?

Needing a Race Coil with spring rate tolerances within 2%?

If you answered yes to any of the above then Lovells has the perfect race coil for you. All Lovells Xtreme Race coils are Australian made and are manufactured from high strength oil tempered spring-steel alloy on our advanced CNC controlled cold winding coil machine centre....Yet it is not just about state of the art manufacturing technology...its about people. Lovells talented spring makers and our experience over seven decades of spring making means we are committed to creating the best race and street performance springs in the world.

Lovells Xtreme Race Coils come in a range of rates from 200 lb.in to 650 lb.in with rate increments of 50 lb.in. and are available in free lengths of 180mm, 200mm, 250mm and 300mm to suit 63mm and 65mm spring seats.

All Lovells Xtreme Race Coils come packaged in a functional, re-usable sealed cylinder with rates recorded for ease of choice between tracks and suspension settings.

For applications where you wish to have optimum lowering with coil over set ups and ensure the race coil remains captive, Lovells offer a light weight tender spring (flat section collapsible).
